Changing our world for the better
Project by project

FEL

Make your voice heard

Create your network

Take action

Climate action groups, charities, community organisations, businesses and individuals are all coming together as FEL members to protect our planet.

We're building a network of skills, interests and expertise that will help you realise your climate ambitions and find new opportunities to create positive environmental change.

We'll use our knowledge, experience and influence to amplify your voice, bring your ideas to life and maximise the impact of your actions.

Together, we can

make our world

a better place.

Knowledge: the wisdom of your crowd

We know a lot of people who are taking action on climate change.

We know who the experts are. We understand how they can help.

Now we're bringing them together to share that knowledge with other FEL members.

So, if you need information or advice, you'll have someone to ask.

And if you've found something that works, you can pass it on to amplify its effect.

Power: strength in numbers

When you stand together, your cause is more clearly seen. When you speak with one voice, your message is better heard. When you act as a collective, you can make bigger change.

FEL members belong to a strong community that collaborates, innovates and achieves. We have more power together than we have alone.

Influence: connections count

This network is your network.

FEL's strategic relationships across the public and private sectors can unlock new opportunities for our members.

We'll help develop your profile, advocate on your behalf and connect you with new sources of funding, advice and support.

Together, FEL members have the knowledge and power to influence the future course of action on climate change.

Membership Benefits

Peer to peer learning: use your network to share knowledge and learn from other groups and individuals with the same shared goals

Priority booking on FEL events **48 hours priority via email, as long as the event date is more than 12 days in the future*

FEL AGM

FEL online training sessions for members only
